We provide one-of-a-kind custom cabinet solutions for your unique home and family. Whether you need specialized storage for bakeware in the kitchen, more room for products in the bathroom, or beautiful bookshelves in a home office - the Cabinet Authority can truly do it all. Our quality simply cannot be found anywhere else. By coupling design inspiration and unparalleled quality, we have created a custom cabinet solution that has it all.

Ready to regain control over your garage or man cave? Is your garage your workspace, but without any organization or actual usable space? Are you wishing that your workspace cabinetry was as tough as the projects you use it for? Is it time to upgrade your workbench both in durability and functionality? Cabinet Authority, Inc.'s Gridiron line is the reliable organizational system for your toughest projects.

Our Gridiron line features a durability that will last coupled with organizational solutions for everything from your tools to your toys.
